Tips for Navigation in the Course

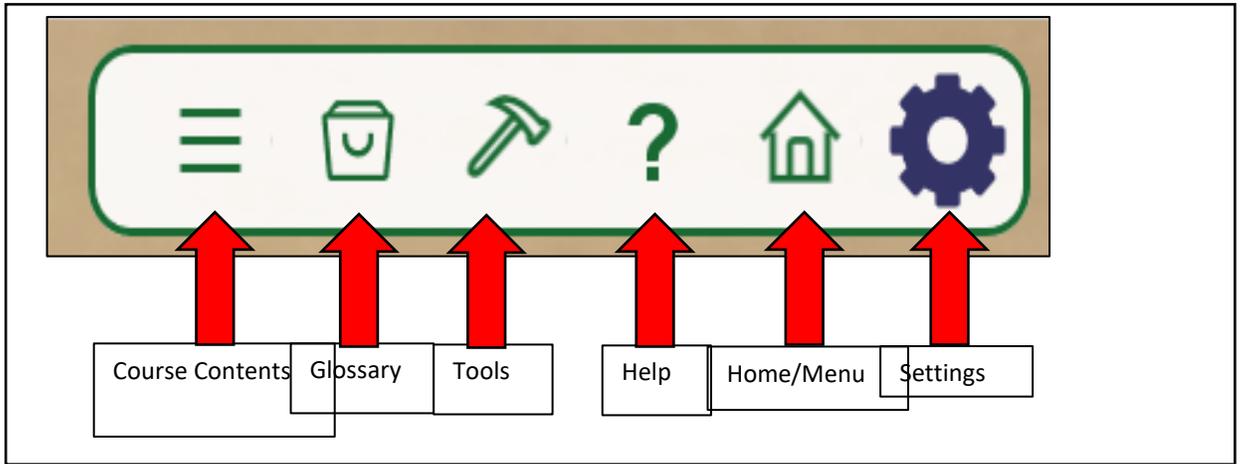

1. **Maximize** your screen and **turn up** your volume so you can hear the audio. You can also click on the closed captioning button to read the audio text. **Is the audio playing?** Depending on your device, browser settings, etc. you may have to manually start the audio by clicking or pressing the **"play button"** at the bottom of the page.

2. If you click on external links in the course, **DO NOT** use the Back button. You will be directed to a new web browser page. **Click on the original browser window** to return to the course.

3. You can **navigate** around by clicking on the **Settings icon** in the upper right-hand corner of the screen and then clicking on the course content button. You can also go directly to the glossary and tools section to download information or navigate to other web pages.

4. If you need to **return to the course** at a later time, go to this link and log in. The course will open where you left off. **DO NOT** click on 'Register' from this link.
