Subject: Acknowledge Unsustainable Timber Industry in SFRA

Dear Mr. Sargent,

Dear Mr. Greis and Mr. Wear,

We see tree harvesting, and the resultant loss of habitat, and the problem in Southern forests, not urban sprawl. Re-planting results in a monoculture forest, and in the meantime, erosion occurs. Our human brothers seem to have a never-ending need and greed for trees. What will the other species do??

I must speak for the trees, because the trees cannot speak for themselves.

Sincerely,

Rachel B. Johnson
